

SPAx Event

Student Professional Awareness Experience

Date:
November 18th, 2015

Time:
5:30PM – 7:50PM

Location:
The Foxes Den
Fenn Hall 130
Washkewicz College
of Engineering

Come and enjoy an evening of presentation tips that you will not get in any classroom.

**Refreshments provided*

"Managing to Manage your Career"
By John Paserba (6:05- 7:00)

How to effectively make the right decisions during college and beyond to orient yourself to your career choice including:

- Goal setting
- Developing technical/ non-technical skills
- The importance of professional societal involvement

"Life Long Learning: Education in the New Millennium"
By Al Rosa (7:00 – 7:50)

In the modern world of ever evolving technology, how are we as students to keep up. What should we be encouraged to do and what pitfalls should we avoid to keep from being redundant in the current, as well as long term, career climate.

There will also be a Q & A session at the end of the talk and final comments from DR. C Alexander.
