

Trucking Web App by The Five Trucketeers

Michael J. Cole (Lead), Isac Taevorba, Chris O'Shaughnessy, Thai Bui, and Ana Terrill
Instructor: Dr. Pong Chu
Project Sponsor: DS Express Carriers, Inc.
Primary contact: Daniela Stankic

Department of Electrical and Computer Engineering, Washkewicz College of Engineering
Cleveland State University

Problem: Current web application not customizable enough to serve the needs of the expanding company.

Solution: Deliver custom coded Java web application on the Cloud to assist with record keeping.

Third Party Resources and Tools: Java, Eclipse EE, Bitbucket code repository, Source Tree, Google App Engine(GAE), Google Web Toolkit (GWT), Trello, and Microsoft Project.
