

SPRING 2016
WASKEWICZ COLLEGE OF ENGINEERING
COOPERATIVE EDUCATION PROGRAM EVENTS AND RESOURCES

Aviation Presentation, *January 26, 2016, Foxes' Den (FH130) 11:30 a.m. – 12:30 p.m.*

This information session is for engineering students to learn about careers in aviation. It is a very informal session, open to all majors! Typically, engineering majors perform well on the aviation flight aptitude exam.

NASA Diversity Networking Program, *January 28, 2016, Compton Lounge (FH103) 11:30 a.m. – 12:30 p.m.*

This program is a networking leadership panel discussion with NASA representatives to learn about career opportunities including internships. The program will be an intimate round robin/speed networking format in which students will alternate from different NASA information tables with the opportunity to engage with all the NASA representatives.

Summer Resources Workshop, *February 2, 2016, Foxes' Den (FH130) 11:30 a.m. – 12:30 p.m.*

Informational session about the different ways and resources to find a summer position. Also, emphasis will be given on utilizing the CSU Spring Career Fair in February.

Scholarship & Interviewing Skills Workshop, *February 11, 2016, Foxes' Den (FH130) 11:30 a.m. – 12:30 p.m.*

Informational session for students to learn about internal and external scholarship resources. The second half of the session will cover interviewing skills.

Business Card Networking Event, *February 16, 2016, Foxes' Den (FH130) 11:30 a.m. – 12:30 p.m.*

Come network with industry partners at the Fenn Co-op Program's First Annual Business Card Networking event. Students will be able to make connections, mingle, and hand out personalized business cards to company representatives within their field.

CSU Career Fair, *February 26, 2016, Woodling Gym 9:00 a.m. – 2:00 p.m.*

Find co-op, internships and full-time opportunities at the Annual Spring Career Fair. Over 100 employers are expected to participate.

Rolls-Royce Information Session, *March 8, 2016, Foxes' Den (FH130) 11:30 a.m. – 12:30 p.m.*

Rolls-Royce will provide information on opportunities within their company headquarters in Indiana. Come learn about what this company offers including their co-op program and the benefits of working in the Aerospace Industry.

Inroads Presentation, *March 10, 2016, Foxes' Den (FH130) 11:30 a.m. – 12:30 p.m.*

INROADS is an organization that places students in business and industry, and prepares them for corporate and community leadership. Engineering Students of all majors are encouraged to attend and learn about the internship opportunities through Inroads!

Mandatory Orientation for Summer Co-ops, *April 19, 2016, Foxes' Den (FH130) 11:30 a.m. – 12:30 p.m.*

Informational session for summer co-op students detailing class registration, program logistics, requirements and faculty mentor assignments.

Ohio Cooperative Education Association Conference (OCEA), *May 24-26, 2016, Cleveland, Ohio*

The Ohio Cooperative Education Association is a non-profit professional organization founded to promote the development of Cooperative Education. OCEA strives to strengthen the functioning of Cooperative Education through active interchange of ideas and experience while providing opportunities for professional development of the membership. OCEA recognizes outstanding programs and practitioners throughout Ohio and provides scholarships to students in college as well as community college.
