

To: Civil Engineering Majors
Re: Co-op Job Opportunity

The David V. Lewin Corporation, an established Geotechnical Engineering firm, has a summer position open for a Civil Engineering student. Duties to include construction observation, consultation and testing; geologic research; drafting; and laboratory testing.

Candidates with some geotechnical course work a plus. Candidates must also have reliable transportation. Candidates with related work experience and/or computer skills will be favored. Competitive salary.

DAVID V. LEWIN CORP.
