# Job Description

Pennoni is a multidisciplinary consulting engineering firm founded more than five decades ago. We approach engineering challenges from a wider spectrum of angles than most, from land development to energy management. Our goal is to help communities and private sector clients alike navigate the ever-changing technological advancements available and learn how best to integrate "smart" solutions into the current landscape to make them a part of resilient and sustainable planning. Our combination of talent and experience generates unprecedented solutions for diverse and iconic projects around the globe.

**Current Openings**

Pennoni is currently looking for the following positions in our Independence and Columbus Ohio offices:

Civil Engineering Intern – part-time, bridge or roadway

Civil Engineering Co-op – start Summer or Fall 2022 bridge or roadway

Graduate/Associate Transportation Engineer

Job Responsibilities:

- Design and inspect roadways and/or bridges
- Take on responsibility to research design criteria and complete supervisor-assigned tasks as specified (including reviewing work to make sure that it was completed as directed within the specified time frame)
- Knowledge of the various engineering publications and how to use these publications in order to provide engineering solutions
- Take on responsibility for engineering documents and plans prepared and developed in accordance with the company/ project CADD standards
- Education: Bachelor degree
- Years of Experience: 0-7 years
