

Flexible Pavements of Ohio Asphalt Pavement Industry Scholarships

PROGRAM GOALS

The FPO Asphalt Pavement Industry Scholarship Program's objectives are:

- For students to gain knowledge in flexible pavements by requiring scholarship recipients to take at least one course in asphalt pavement technology
- For colleges/universities to offer training in asphalt pavement technology by creating student demand for coursework
- To strengthen partnership between the asphalt industry and universities in raising awareness of asphalt pavement technology in the academic community and foster related research
- A workforce trained in asphalt technology

Flexible Pavements of Ohio (FPO) is an association representing the state's asphalt paving industry. FPO supports an active education and outreach program designed to improve and advance quality asphalt construction, and serves as a technical resource for pavement owners and specifiers. The association, founded in 1962, includes more than 100 member companies and political subdivisions.

WHO IS ELIGIBLE?

To be eligible for an FPO Asphalt Pavement Industry Scholarship, sophomore and junior class students must be working toward a civil engineering, construction management or construction engineering degree at a university in Ohio that offers an accepted course in asphalt pavement technology. Graduate students studying and/or researching asphalt pavement technology may also be eligible.

Recipients of the scholarships ranging from \$1,000 to \$1,500 are selected competitively from the applicants and must agree to take the required course in asphalt technology before graduation. Students may be awarded a scholarship for up to two years.

HISTORY

The FPO Asphalt Industry Scholarship Program has awarded more than 400 scholarships totaling more than \$500,000 over the past 20 years to deserving Ohio college students pursuing civil engineering and construction management degrees.

PROCEDURES/CRITERIA

Participants in the FPO Asphalt Pavement Industry Scholarship Program will be selected using applicant criteria that includes:

- Completion and submission of an on-line application
- Relevant extracurricular activities
- Work experience, co-ops or internship positions
- Career objectives
- Pertinent personal, family, industry relationships or other circumstances
- Asphalt Technology-related courses taken or planned; graduate student's description of program of study and research
- Student in good academic standing with the university/college; transcripts required if selected for scholarship

A complete listing of criteria is available at www.flexiblepavements.org/scholarships/asphaltscholarships-program
