[Stratasys uPrint SE Plus](#)

This is a medium-sized, industrial-grade printer with the following specifications:

➢ Fused Deposition Modeling (FDM) Technology to build in real ABSplus thermoplastic materials in nine colors: ivory, white, blue, fluorescent yellow, black, red, olive green and gray
➢ Two-layer thickness resolution of 0.254 mm and 0.330 mm (0.010" and 0.013") to select whether to print 30% faster speed or higher definition resolution
➢ Build envelope size minimum of 203 mm x 203 mm x 152 mm (8" x 8" x 6")
➢ Heated build chamber for maximum layer adhesion
➢ Support material SR-30 for nontoxic, water soluble, dissolution with Soluble Support Technology (SST)
➢ EcoWorks non-Toxic, user, and environmentally friendly support cleaning solution containing a pH level of 10 or less and can be disposed of with water and standard plumbing drains per City Regulations.
